

TMC

Partnering with small to mid-sized biotech and pharma companies to accelerate drug development and maximise value across the full product lifecycle

Why Partner with TMC?

We can help you bring transformative therapies to patients faster

Fill key skills and knowledge gaps with flexible, scalable support

- Experienced, cross-functional team
- Expert solutions across product lifecycle
- Spanning regulatory, clinical, medical, pharmacovigilance and quality

Overcome global complexities to move forward efficiently and compliantly

- Global Associates Model
- Agile, scalable worldwide delivery framework
- Combining global reach with local expertise

Do more with limited resources (without compromising quality or speed)

- Strong cultural alignment
- Understand the challenges of doing more with less
- Tailored approach to maximise your resources

Reduce risk in critical partnerships and have confidence that we'll deliver

- Proven track record of keeping commitments
- Exceptional client loyalty
- High level of repeat business

**Access cross-functional expertise
to accelerate your drug
development timeline**

TMC Consulting

Expert-led strategic and operational pharma consultancy services

Gain clinical and regulatory clarity that supports your commercial goals:

- Deep functional expertise, integrated thinking and flexible approach
- Guide you through complex decisions and mitigate risk
- Align your drug development programme with clinical, regulatory and commercial objectives

Get flexible support that scales with your team:

- Experienced, senior specialists act as an extension of your team
- Pharma services grounded in scientific rigour and clinical excellence
- Cross-functional integration across all stages of your product lifecycle

Reach clinical trials — and market — faster:

- Smarter, faster and more collaborative path from early-phase clinical development to market access
- Extensive expertise, robust planning and flawless functional execution
- Hit your critical drug development milestones compliantly, on time and within budget

TMC Clinical

Early-phase clinical development for rare disease, complex oncology and advanced therapeutics

Conduct seamless early-phase clinical trials for advanced therapeutics

TMC Clinical

Early-phase clinical development for rare disease, complex oncology and advanced therapeutics

Move efficiently from first-in-human to global pivotal trials:

- Bring your transformative therapies to patients faster
- End-to-end services span clinical development, project management and regulatory alignment
- Tailored to the unique demands of each molecule, modality and indication

Specialist expertise for challenging, high-impact indications:

- Expertise in rare disease, complex oncology and advanced therapeutic modalities
- Tailored support that meets the unique scientific, regulatory and operational demands of next-generation therapies

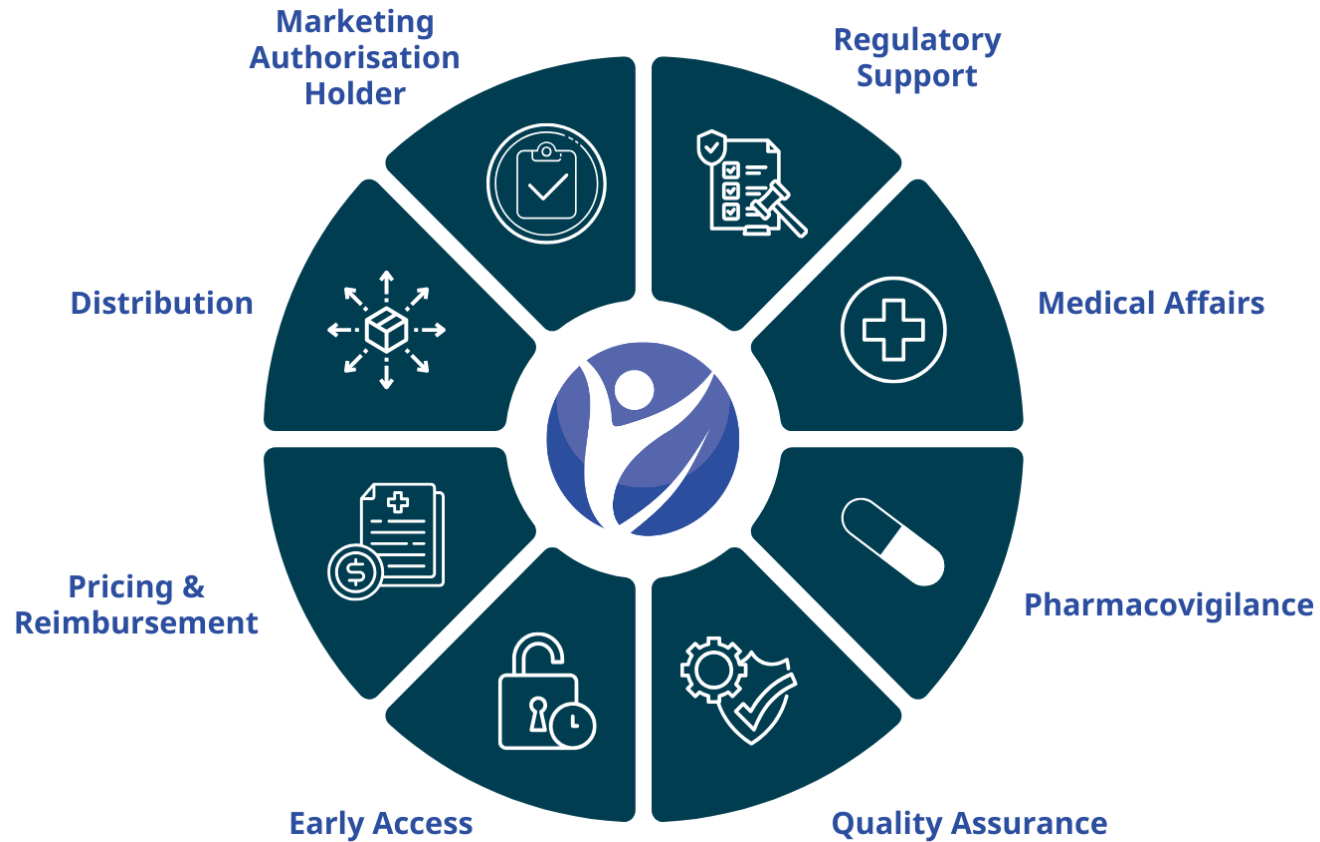

Ensure speed, precision and quality across each phase:

- Flexible and collaborative approach
- Highly experienced teams integrate seamlessly with yours
- Combining responsiveness with full-service clinical development capabilities

TMC Commercial

Flexible, full-service drug commercialisation solutions in the EU and UK

Gain EU and UK market access quickly and confidently

TMC Commercial

Flexible, full-service drug commercialisation solutions in the EU and UK

Launch and scale with speed and confidence across the EU and UK:

- Full-service drug commercialisation solution
- Regulatory compliance and marketing authorisation application support
- Medical affairs, pharmacovigilance, quality assurance, reimbursement, pricing strategy and distribution

Keep control of your asset without the operational burden:

- Specialist expertise to act as your MAH, whether as a temporary bridge or a long-term solution
- Retain control over your products — without the need to out-license

Make informed, long-term decisions that maximise patient access:

- Flexible approach, deep expertise and commitment to seamless execution
- Accelerate your product's path to market
- Make informed, long-term strategic decisions that maximise impact and patient access

Client Testimonials

Your strategic partner in advancing patient health

“

“Thank you... and I must take a moment and specifically let you know how well regarded you are here and how grateful we are to be working with you.”

COO, Global Biotech Client

“Very happy to have you and the TMC Team on our side as our partner! This is a really important project for us, and I can’t think of anyone else I would want in my corner — thank you!”

CSO, Global Biopharma Client

“I cannot even begin to thank you for all your hard work over the last few weeks driving toward DBL. Every time there seemed to be a light at the end of the tunnel, we added another hurdle! You handled absolutely everything we threw at you brilliantly!”

Head CPM, Biotech Client
